

## Bright Suite

Unify commerce with Deposco

Deposco's Bright Suite is a cloud-based, order management and fulfillment software application set that optimizes supply chain operations.

## Bright Suite

Unify commerce with Deposco

Deposco Bright Suite is a cloud-based, omni-channel fulfillment software offers advanced solutions to small, mid-size and enterprise-class businesses. Deposco's applications offer e-commerce, retail and omnichannel capabilities, that drive revenue growth, improve service levels and reduce operational costs.

From order orchestration and advanced warehouse management to dynamic sourcing, business forecasting and synchronized e-store applications, Deposco empowers retailers, distributors, 3PLs and brands to adapt, transform and lead their organizations to achieve unified commerce excellence in direct-to-consumer (DTC) and business-to-business (B2B) environments.

Bright Suite connects with e-commerce, marketplaces, accounting, ERP, and shipping platforms, providing a single source of truth for your operations. With over 100 pre-built software integrations, companies can quickly unify all supply chain data into a single, real-time view, giving companies a better understanding of their supply chain operations.
